I hope everyone is enjoying this little interlude from the snow. Hopefully the weather is starting to break. Maybe some are on vacation, enjoying the warm weather of the south and honing their skills for the season ahead.

Firstly, I'd like to remind you of our first on course draw coming up in March. For those unfamiliar it is part of our community day efforts and information can be seen on our website or at the course. This is a great chance for you and 4 friends to be the first on the golf course this spring and enjoy many other perks that go with it, while raising money for others in our community.

I wanted to take this opportunity to remind everyone to take advantage of our card system at The Greens. Many of you may be familiar with our express member check in. The Kiosk is set up inside the pro shop and enables members to jump the line and sign in electronically. As long as names are entered correctly when booking tee time either online, by phone or over the counter then you can simply use your gold membership card to print off your receipt and take it to the starter. Remember when booking to make sure you clearly state who you are playing with to take advantage of this great function.

In addition to using your card to sign in we hope you know about all the discounts that your card provides. Did you know that you receive 10% on:

Non-Sale items in our golf store. Prepared items in the Bistro and Oasis. Simulator rentals in the Rec Room. Room rentals for all halls at The Greens. Range balls purchased in the Pro shop.

Staff will not ask if you have a card. You must voluntarily present it to receive a discount.

But there's more!

Not a member or Frequent Player Card Holder? The League players cards can be scanned to record purchases also. This may allow you to be counted in on special offers and prizes through the season.

Also, Members that accumulate purchases may be rewarded with discounts for hitting different levels in a reward program.

So don't forget to take advantage of the discounts your cards provide and the potential benefits down the road.

See you all soon!

Brad Halyk General Manager The Greens at Renton.

Hello from the Bistro!

Proudly Serving Canadian Products

Between the food we prepare and the drinks we serve up, The Greens Bistro has always made using local Canadian products a top priority.

Many of the products delivered to our kitchen are locally sourced from Canadian suppliers including our juicy hamburgers served in the bistro as well as the Oasis. We have also partnered with several local companies to bring you refreshing beverages such as Sandbagger, Ramblin' Road and Crafty Elk, Wayne Gretzky Estates and Trius wine.

Daves Homemade Waldorf Salad

Ingredients: - 6 cups diced tart apples (about 2 apples) - 3 tablespoons sugar - 6 teaspoons lemon juice - 3 cups diced celery - 3 cups grapes, halved - 1.5 cups toasted walnuts or pecans, roughly copped - 1.5 cups whipping cream, whipped - 0.75 cups mayonnaise - 1.5 teaspoon kosher salt

Directions:

 Add the diced apples to a large mixing bowl and sprinkle with sugar and lemon juice. Toss to coat.
 Add the celery, grapes and nuts.

3. In another bowl, whip the whipping cream until peaks form, then gently fold in the mayonnaise. Fold mixture into the apple mixture and season with kosher salt. Taste and adjust the seasoning to your liking.

4. Chill in the fridge for 1 hour or overnight. Serve by itself or on a lettuce leaf.

Tip: Instead of using whipping cream, try with greek yogurt or sour cream!

Full Swing Season 3 is Here - Let's Go!

Full Swing is back for Season 3 on Netflix! This show has done an awesome job peeling back the curtain on pro golf, and this season looks like it's bringing even more chaos, emotion, and big moments we all love. If you want to see what the players on the PGA tour go through, this is an awesome way to do it.

From PGA tour battles to the ongoing LIV Golf drama, plus plenty of personal stories along the way, there's lots to dig into. Whether you're here for the competition or just the off-course storylines, this season is definitely one to watch.

This is just one of the great ways to build anticipation for our upcoming golf season here at The Greens! What else are you doing to build anticipation for the upcoming season?

On the Course

Hello all, I hope this finds you well and waiting for warmer weather and being able to see the grass again.

This month has been a little different than the last few years, we are having a classic Canadian winter with snow, ice and cold weather. Before the heavy snow camr down we were able to get out and clean up around all the ponds with the Ventrac and tough cut mower. We got all the brush cut down and mulched up from both the bank and off the ice on the ponds. It makes a huge difference as we saw a few years ago.

As I write this I'm just getting ready to go to the Canadian golf superintendents conference, which includes three days of seminars and a trade show.

let's hope we are getting closer to some warmer weather and can start to get ready for another great season at The Greens!
